

PEAK TIME REWARDS®

PEAK TIME REWARDS

THE PROGRAM THAT PAYS YOU BACK FOR USING LESS

WHAT IS IT?

This program rewards you with credits on your bill for reducing your electricity usage during times of high demand. There is no cost to participate – only the potential to save.

HOW IT WORKS

Ameren Illinois will schedule Peak Time Rewards events. You'll receive advance notice of the event. Reduce your electricity usage to earn credits on your bill.

WHY THIS MATTERS

By reducing your energy wisely, you help improve service reliability for you, your neighbors and your community. Less electricity generation also benefits the environment.

“Ameren Illinois’ Peak Time Rewards program is a simple, no-cost way to cut your electricity costs. Everybody should be on this program. It’s good for the power grid and it’s good for our power bills.”

- David Kolata, CUB Executive Director

IT'S SIMPLE.

Activate your Peak Time Rewards

Receive Peak Time Rewards event notifications

Reduce your electricity usage during event hours

Get rewarded with credits on your bill

PROGRAM HIGHLIGHTS

STAY CONNECTED

To remain on the program, you must provide at least one working phone number or email address so you can receive event notifications. If you select text messages, you will receive an initial message asking you to reply. You need to reply “yes” to receive future text messages. After activating your rewards, you can update your preferences at PeakTimeRewards.com or by calling 1.844.787.7874.

WHAT TO EXPECT

Peak Time Rewards events usually occur on weekday afternoons during the summer. You'll receive advance notice of the event by your preferred method of email, text message or phone call. During the event hours, reduce your usage below your typical usage to earn credits on your bill.

REDUCE WITH EASE

You're always in control. Reduce your electricity usage during event hours by taking a few simple steps. The more you reduce, the more you could earn!

TOP TIPS TO EARN REWARDS

Turn up the thermostat 4 degrees.

Avoid using large appliances, like your dishwasher.

Turn off TVs and computers.

WHY THIS MATTERS

By lowering peak electricity demand, you will help improve service reliability for you, your neighbors, and your community. Less electricity generation also benefits the environment.

REVIEW YOUR REWARDS

You will see your rewards applied directly to your Ameren Illinois bill, and you'll receive an email with your estimated rewards amount a few days after each event. You can also view your estimated rewards online approximately 24 hours after an event by logging on to your Ameren Illinois account and selecting the “Usage” tab.

ACTIVATION REQUIREMENTS

Your residential account is likely eligible if Ameren Illinois has installed an advanced electric meter at your home. You can participate in the program regardless of your electricity supplier, even if you switched to a retail electric supplier or Ameren Illinois' Power Smart Pricing. You can confirm your eligibility by trying to activate your rewards or by calling us at 1.844.787.7874.
